❖ Skygital Hangout Introduction

Skygital Hangout is a subsidiary to Skygital Group, a centre of knowledge and skill acquisition in **Digital Marketing, Faced and Faceless Video Creation plus Editing, Graphics Design, Ecommerce Business, Website Design plus Development, Affiliate Marketing, Information Marketing, and Artificial Intelligence.** Skygital Group has business engagements with the **E-Learning Industry, E-Commerce Industry, Information Technology Industry, and Advertising Industry.** Skygital Hangout mission is to empower you plus others seeking for financial freedom and continuous values, with both Digital Knowledge and skills in form of E-Course Trading, E-Learning, Live Training, and also with raising Funds simultaneously as you learn through the training period.

To achieving this mission, a proven system has been created which bears Skygital Hangout. This system allows Skygital Hangout affiliate members to trade e-courses as to buy and sell those e-courses plus live training tickets, and raise funds as growth fund from it while learning.

The system brings in buyers for members to sell the e-courses plus live training tickets to those buyers and receive the money directly into their wallet account. By the leverage of compound interest, this really gives the system a fast, continuous and consistent growth of funds without any delay coming from any member. Now, see exactly how it works below.

HOW IT WORKS

❖ Levels & Packages By Ranks

The trading of e-courses for buying and selling are structured in levels and packages by ranks, i.e. Basic Level – (Bronze Package), Intermediate Level – (Silver Package), and Advanced Level – (Gold Package).

This structure makes it possible for members to generate funds from the system by selling those e-courses plus live training tickets, level by level. The minimum amount you need from start to finish is just a total of \$70 only. (\$30 for core registration and \$40 to start buying and selling those e-courses).

Now how do you start? After you have made payment of \$70 which also serves for skills learning with startup capital and got registered, once it has been approved, using \$20 for proprietary tool, and with \$10 you will receive your license number for automatic activation to start using Skygital Hangout by jumping into the Basic Level, and use your balance of \$40 to buy an e-course plus live training tickets from a seller that will be given to you instantly. After that, you can now sell the e-course to two (2) different buyers and continue your amazing journey to financial freedom from Basic Level.

Level	Package By Rank	Price	Point Value (PV)
Basic	Bronze 	\$70	50 PV
Intermediate	Silver 	\$100	80 PV
Advanced	Gold 	\$400	370 PV

Basic Level – Bronze

In the Basic Level, you will have to buy the Basic Level e-course (Faced and Faceless Video Creation plus Editing, and Graphic Design) from an old member with the sum of \$40. Now, having clicked on “Buy Course” button successfully to buy the Basic Level e-courses, the seller confirms that you’ve bought it, and you will have access to the e-course plus live training.

Then you can now click on "Sell Course" button to sell to two (2) different new members (buyers) that are given to you to buy from you, both of them will pay you \$40 each making it a total of \$80. After the system confirms their payments, immediately you will be moved to Intermediate Level.

Table Summary on Basic Level

AMOUNT TO BUY	\$40 payment paid to your seller (old member)
AMOUNT TO SELL	\$40 payment received from each buyer (new member)
NUMBER OF BUYERS	2 different buyers

❖ Intermediate Level – Silver

Now, having clicked on “Buy Course” button successfully to buy the Intermediate Level e-courses, the seller confirms that you’ve bought it, and you will have access to the e-course plus live training.

Then you can now click on "Sell Course" button to sell to five (5) different new members that are given to you to buy from you, all of them will pay you \$74 each making it a total of \$370. After the system confirms their payments, immediately you will be moved to the Advanced Level.

Table Summary on Intermediate Level

Now, having clicked on “Buy Course” button successfully to buy the Advanced Level e-course, the seller confirms that you’ve bought it, and you will have access to the e-course plus live training.

❖ Skygital Hangout Business Model

❖ SKYGITAL POOL BONUS

The Skygital Pool Bonus do work like a return-on-investment. This is where all Skygital Hangout Affiliate members can make money without having to sponsor or refer people. The beautiful benefit here is that, all profit made from businesses and services done by Skygital Group through **E-Learning Industry, E-Commerce Industry, Information Technology Industry, and Marketing Industry** are proportionally divided. 20% of Skygital global sales profit, that is. 20% of Skygital group global sales profit made every month, goes into the skygital pool and is shared among all existing active members on a monthly basis.

Now, the total amount each affiliate member receives from this pool share is determined by his initial sign-up package. Regardless of the ratio allotted as shares and result from enlargement to each sign up package, the higher your entry package, the bigger the total shares you receive from the Skygital pool. You can see the exact shares you get from the pool by virtue of package with rank if you look at the bullet point statements and table representation below. So, the interesting thing to take home from this is that;

- Every affiliate who signs up on the Basic level with a Bronze package of \$50 will quadruple his entry package from the skygital pool, which will be up to \$200. This means that you can earn four (4) times your entry package from the skygital pool without referring anyone.
- You can triple your entry package without referrals if you sign up on the Intermediate level with the Silver package. The price of the Silver package, is \$80. So, if you start with the Silver package, you can earn up to three (3) times that amount, that's \$240 from the skygital pool.
- If you start at the Advanced level with the Gold package valued at \$370, you can earn up to twice your entry package from the skygital pool without referrals. So your total earning on the Gold package from skygital pool without referrals is two (2) times your entry package which is capped at \$740. Very fantastic.

Note that additional sign-up charges you may incur may be for license fees and proprietary tool.

❖ CAR OR TRAVEL AWARD PRIZE

The Car or Travel Award Prize in Skygital Hangout is a reward that will make you stand out from all outstanding affiliate members in Skygital Hangout. The Travel part of the award prize is that you'll receive an all-expense paid trip from Skygital Group to travel to any destination of your choice for relaxation, and shopping. You can decide not to travel but collect your traveling trip in cash. The choice is yours.

I am happy to tell you that the Point Value you will need for this Car or Travel Award Prize is an accumulated PV, i.e. no PV reduction or flush out. The PVs that has earned you previous bonuses are added up to the new PV you will be earning. This is very cute. The interesting part of this financial journey is that, before you reach the required PV for the qualification of Car or Travel Award, you would have earned much more from your Affiliate Rewards Bonuses that can even buy you a car. This is absolutely fantastic.

Now, aside the House Award Prize you will receive, will your affiliate bonus buy you a big house? Your answer is as good as mine.

❖ Affiliate Bonus

In Skygital Hangout, sponsoring or referring is not a must for members i.e. it is not compulsory to refer someone, but the system have huge bonuses for those that choose to refer and support the system to grow faster. Also most of the Point Values (PV) you will earn to receive bonuses require you to sponsor or refer members. Proprietary tools got your back. Below are some of the affiliate bonuses. There are plans to add more in the nearest future. Great!

VIP BONUS

Firstly, if you earn more than 500 point value before you complete your e-course trading at the Advanced level on the Skygital System, you will be added to a VIP Hub where you will gain a **VIP Honour** to follow you up with guidance and mentorship, and to make sure you apply the digital skills you've learnt properly and make money from it even before you complete your buying and selling at the Advanced Level. We will hold you by hands till you become not only a specialist but also a supreme being in Digital Skills. To access this, you need to earn exact or more than 500 PV in the system.

INITIAL REWARD BONUS

Secondly, if you sponsor a new member into the system starting from the Basic level, you earn the Initial Referral Bonus of \$5. It's also called the **Initial Reward**. Take for example you sponsored 10 new members to Skygital Hangout within a week, you will earn \$50 in a week, and if you are consistent with it for a month, you are assured to earn \$200 in a month from the initial reward.

Doing this is very easy once you know how to do it the right way. We will expose to you the secret of doing it rightly. And it will also bring you success in Affiliate Marketing as a digital skill.

FAST TRACK REWARD **BONUS**

Thirdly, anyone can grow funds starting from any level provided in the Skygital Hangout. As there are three (3) levels in the Skygital Hangout system, you can start from any of these levels, either from Basic level, or Intermediate level, or Advanced level. Nevertheless, you will still have access to all the video courses plus live trainings available and prepared for all the three (3) levels.

Now if you refer someone to start from the Intermediate level, you get the **Fast Track Reward** of \$5. And when you sponsor or refer someone to start from the Advanced level, you get the **Fast Track Reward** of \$10. Fantastic! Now starting from any of these levels won't stop you from receiving your full values in learnings and trainings from Skygital Hangout.

It will not also stop you from receiving your funds in cash at the end of your harvest by completing buying and selling of E-courses at the Advanced level. Note that starting from either Intermediate or Advanced level will speed up your journey to financial freedom.

RESELLER REWARD **BONUS**

Fourthly, you will be earning and receiving money whenever the person you sponsored is selling to new members in all the levels provided for such bonus with their respective ranks. In this case, you will be earning what is called the **Reseller Reward** on every single sale in that level. Very remarkable. Take for example using ten (10) referees or new affiliate members (i.e. people you shared the opportunity with, and then sponsored those persons):

BONUS

RESELLER REWARD

10-PERSON SCENARIO

- Having been able to sponsor ten (10) persons into the system, when those persons you sponsored are selling to make a net of \$370 respectively in Intermediate Level, you will be making \$3 on each sale from one person to further make \$15 on five (5) sales from that same person, and totally earn \$150 from ten of them.
- Having been able to sponsor that same ten (10) persons into the system, when those persons you sponsored are selling to make an actual net of \$1,050 respectively in Advanced Level, you will be making \$4 on each sale from one person to further make \$12 on three (3) sales from that same person, and totally earn \$120 from ten of them. And you will eventually make \$270 in all the levels. Very beautiful.

Table Summary Reseller Reward On 10-Person Scenario

No. of People Referred	Level of People Referred	No. of Sales Per Level	Reward Per Sales	Earnings of Sales from 1 Person	Total Earned From Sales
10	Intermediate	5	\$3.00	\$15.00	\$150.00
10	Advanced	3	\$10.00	\$12.00	\$120.00
Overall Reseller Reward on Ten (10) Persons You Sponsored					\$270.00

BONUS

RESELLER REWARD 18-PERSON SCENARIO

Now, the fantastic reality in Skygital Hangout is this; Okay, for a scenario, let's say you have eighteen (18) people you sponsored to the system as a digital or network or affiliate marketer in which the number is very possible. You will be receiving money whenever each of them are selling e-courses plus live training tickets. There is no limit to your earnings as long as you keep on sharing this opportunity to people. If those eighteen (18) people are selling e-courses in the Intermediate Level, that's \$270 for you. If the same eighteen (18) people get to the next level and are selling e-courses in the Advanced Level, that's \$216 for you. Making a total of \$486. Absolutely fantastic.

When you sponsor up to eighteen (18) people such that they all start their e-course trading from the basic level, or less than eighteen (18) people starting from the Intermediate or Advanced level, you are qualified for the incentive pack bonus or incentive cash bonus worth \$120. So you can monthly make much money from the Initial Reward, Reseller Reward, Incentive Cash Bonus, Pool Bonus, and Extended Reward. That is $\$90 + \$486 + \$120 + \$200 + \$116$ to be \$1,012 (One thousand and twelve dollar), apart from the \$1,050 (One thousand and fifty dollar) you will finally grow through e-course trading by buying and selling of e-courses plus live training tickets.

The good thing is that there is no limit to the number of people you can refer or sponsor, all the people you sponsor are your money, even when you are done with your learning and earning level process and also done receiving all bonuses to the stage of collecting your Car Award and House Award, you can still be sponsoring and making money till thy kingdom come. This is simply what an amount of \$50 only can do for you. Very beautiful and fantastic.
